- Each foundation is engineered for your specific homesite based on soil conditions
- Post tension foundation quality ensured by a foundation engineer
- On-site custom framing with wind braces on exterior walls
- 3/4" tongue and groove subflooring on second floors
- Third party inspections by Burgess Construction Consultants at the following building stages: Framing and Mechanical, and Home Completion

### DAVID WEEKLEY'S ENERGYSAVER PROGRAM

David Weekley's EnergySaver Program has combined the David Weekley Healthy Home program and Diamond Level Environments for Living requirements:

- Environments for Living guarantee is based on the heating and cooling usage portion of your utility bill – see the Sales Consultant for more information on the Environments for Living guarantee.
- R-22 wall insulation system coupled with R-49 blown-in insulation in the attic helps control indoor temperature
- DOW Sheathing Products and DOW Sill Seal products are used to control water and moisture in homes
- Jamsill door pans to prevent water intrusion
- Double paned Low E2 vinyl framed windows
- Jump duct interior air flow system to equalize air pressure between rooms
- Energy saving air conditioning system with variable speed fan achieving a 16 SEER rating
- Energy saving tankless water heater
- Filtered fresh air ventilation system
- WiFi compatible thermostat
- Every home includes a Carbon Monoxide Detector, two-story plans include one on each floor
- Low volatile organic compound interior paint
- PEX plumbing system including fully transferrable 25-year warranty on PEX pipes and fittings
- Allergy Reducing MERV 10 air conditioning filters
- Cement Hardibacker board and anti-fracture coating in shower and tub walls
- Water saving, low flow commodes
- James Hardie™ exterior cladding products including siding, soffits and fascia - per plan
- Third party certified rater performs inspections to ensure home meets all requirements of Environments for Living
